

Grade your experience

Take the MHQP survey to tell your health insurance provider how we're doing.

What

MHQP's survey is a patient experience report card of your primary care clinician.

Who

Patients who have received care in the past six months will be randomly selected to participate. All responses are confidential.

When

Surveys will be sent between April and July.

Why

We value your feedback and aim to earn your trust. Your answers help decide performance-based payment to your primary care clinician.

How

Invitations to the 10-minute survey will be sent via email and regular mail.

Thank you for helping us care for you!
